

The 5th International Symposium on Radiation Emergency Medicine in Hirosaki University

弘前大学大学院保健学研究科 第5回
緊急被ばく医療国際シンポジウム
同時開催：日本放射線影響学会第56回大会

日時 2013年10月19日(土) 10:30～15:00

場所 クラウンパレス青森 (青森市本町5-5-4)

「緊急被ばく医療における線量評価と医療マネジメントの進展」
Advances in dosimetric and medical management of radiation emergencies

■特別シンポジウム [13:00 – 15:00]

Chair: Mitsuaki Yoshida, Hirosaki University Institute of Radiation Emergency Medicine
Makoto Akashi, National Institute of Radiological Sciences

Andrzej Wojcik (Stockholm University, Sweden)

Biological dosimetry in large scale accidents

Harry Scherthan (Bundeswehr Institute of Radiobiology affiliated to the University of Ulm, Germany)

Acute radiation syndrome caused by accidental radiation exposure – therapeutic principles

Marc Benderitter (IRSN, France)

Use of mesenchymal stromal cells in treating radiation-induced lesions: principle and practice

■ポスター発表 [10:30 – 13:00]

Mitsuru Chiba, Shoji Chiba, Masahiro Hosoda, Yui Inoue, Takashi Ishikawa, Chiaki Kitamiya,
Shuhei Koeda, Hiroshi Maeda, Ryo Saga, Y. Sato (Hirosaki University)
